

BerryMiser

Hi, this is the Chief Miser asking if you downloaded the application yet.

If not, why not do it now by clicking on the link below on your Blackberry:

<http://berry.mobilemiser.com/ca> for Canada users;

<http://berry.mobilemiser.com/us> for US users.

It really does take only a few seconds and you will see BerryMiser Icon on your desktop! (For some BlackBerrys the Icon appears into the Downloads file).

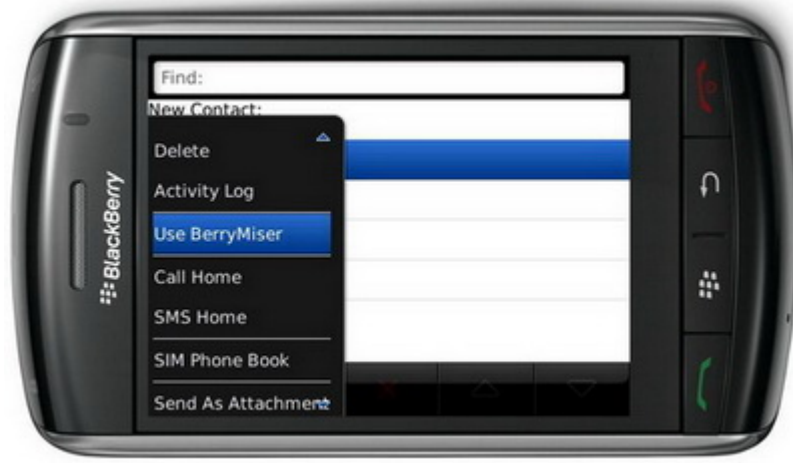

Once successfully downloaded **here is how to make a call:**

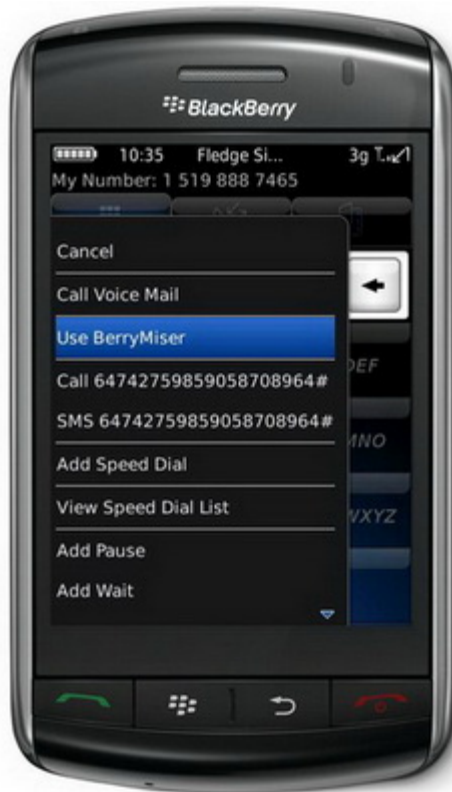

Go to Address Book, select the contact you want to call then PRESS THE MENU BUTTON (you should see "Use **BerryMiser**" on the menu). Choose "Use BerryMiser" to make your call.

Use BerryMiser from Address Book:

Use BerryMiser from Call Log:

It's that easy!

BerryMiser

Here is what happens when you make a call:

Your Blackberry calls a local number (one of our Switch Locations) which connects you directly to the person you wish to speak to whether local, long distance or International. That's why you hear a few touchstones when you choose "Use BerryMiser".

BerryMiser for the BlackBerry works seamlessly with your BB Contacts SAVING you 60 - 80% on long distance charges.
